### PERSONAL STATEMENT

I discovered Beauty Therapy after completing my A levels through my own interest in products and treatment. Once I started my training it confirmed to me that this was the career for me! I love every aspect of the industry and get great satisfaction from making people feel the best they can. I am always developing and learning new skills and I am motivated to work hard to achieve the best results for each individual client. Working here at the Club I have continued to fall in love with my job over and over again.

### ETHOS

I like to set a goals with my clients to make sure they are 100% satisfied with the outcome of their treatment plan, from waxing to the more relaxing treatment, to make sure each experience at the Spa is a bubble of luxury.
